

MING WANG

Ph.D. Candidate | Machine Psychology × Human-AI Alignment × AI-Driven Mental Health

@ sci.m.wang@gmail.com

sci-m-wang.github.io

sci-m-wang

Google Scholar

Singapore

Joint-training Ph.D. candidate at Northeastern University and Singapore Management University, focusing on **machine psychology**, **AI-driven mental health**, and **human-AI alignment** and translating psychological and cognitive theory into evaluable AI methods. Published **11** papers in CCF-recommended venues or SCI-indexed journals; **731** Google Scholar citations (h-index 8; i10-index 7); **779 stars** across personal open-source projects; contributions to **28** repositories totaling approximately **46k stars**; and approximately **CNY 400k** in research funding as lead or core member.

SELECTED PUBLICATIONS

GenPT: Beyond Self-Report for Reliable LLM Psychometrics via Generative Projective Testing

First author | ACL 2026 | 1 citation

Introduces generative projective tasks for evaluating latent psychological traits and behavioral reliability in LLMs.

A Systematic Analysis of the Impact of Persona Steering on LLM Capabilities

Co-first author | CogSci 2026 | 1 citation

Systematically examines how persona steering affects general model capabilities and behavior.

AnnaAgent: Dynamic Evolution Agent System with Multi-Session Memory for Realistic Seeker Simulation

First author | Findings of ACL 2025 | 27 citations

Improves continuity and realism in longitudinal role simulation through multi-session memory and dynamic evolution.

T-COL: Generating Counterfactual Explanations for General User Preferences on Variable Machine Learning Systems

First author | JAIR 2026 | 2 citations

MM-InstructEval: Zero-Shot Evaluation of (Multimodal) Large Language Models on Multimodal Reasoning Tasks

Co-author | Information Fusion 2025 | 66 citations

RECENT WORKING PAPERS

Do AI Personas Grow? Analyzing and Benchmarking Personality Evolution in LLM Agents After Life Events

First author | arXiv 2026 | Personality evolution

Can MLLMs Decode the Creative Leap? Introducing C4 for Cross-Concept Understanding

First author | arXiv 2026 | Multimodal cognition

Beyond Feeling Better: Capability-Sustaining Emotional Dialogue as a Longitudinal Research Paradigm

First author | arXiv 2026 | Longitudinal emotional dialogue

EDUCATION

Joint-training Ph.D. Student · Singapore Management University

Sep 2025–Present

Computer Science | Co-advisors: Ee-Peng Lim and Fiona Fui-Hoon Nah

Ph.D. Candidate · Northeastern University

Sep 2022–Present

Computer Science and Technology | Advisor: Daling Wang

M.S. in Computer Science and Technology · Northeastern University

Sep 2020–Jun 2022

Computer Science and Technology | Advisor: Daling Wang

B.S. in Computer Science and Technology · Harbin Engineering University

Sep 2016–Jun 2020

INTERNSHIPS AND PROGRAMS

LLM Application Evaluation Intern | LYIHub

May–Aug 2024

Evaluated LLM applications, focusing on the construction of retrieval-oriented evaluation tasks.

Instructor | InternLM Practical Camp

Jun 2024–Aug 2025

Taught prompt engineering and SFT; organized evaluation tracks for paper classification and formula recognition.

Team Lead | First iFLYTEK Spark Camp

Aug 2023

Designed an LLM legal-capability benchmark and built a civil-complaint generation prototype.

SELECTED GITHUB PROJECTS

OpenCE | 331 Stars An LLM context-engineering toolkit for RAG, ACE, and related workflows.

Desk-IX A lightweight personal agent with persistent memory, scheduling, and controlled tool use.

Miantuan-Pets An open-source gallery and distribution toolkit for installable Codex pets.

RESEARCH PROJECTS

Building Reflection Competencies for Human-AI Collaboration: A Multi-Agent Training System

Technical Lead

Resilient Workforces Institute Research Grant | SGD 70,000 | 2025–Present

Multi-Agent Intelligent Interview Assistance for Fire Investigation

Principal Investigator

Liaoning Provincial Science and Technology Program subproject | CNY 26,000 | 2026

LLM-Based Digital Case-File Management for Fire Investigation

Principal Investigator

Central Public-Interest Research Institute subproject | CNY 20,000 | 2025–2026

SELECTED HONORS

🏆 1st Place, Productivity Enhancement Track | TRAE SOLO @ Singapore, 2026

🏆 Spotlight Poster Prize | 6th Chinese Conference on Affective Computing, 2026

🏆 1st Place, TRAE Friends Hackathon | Singapore, 2025

🏆 Most Popular Poster Award | 5th Chinese Conference on Affective Computing, 2025

🎓 First-Class Named Scholarship | Northeastern University, 2025

🎓 Outstanding Graduate Student | Northeastern University, 2024

🏆 Second Prize, CAIL 2024 | China AI and Law Challenge, 2024

VOLUNTEER ACTIVITIES

Peer Counselor | Yunqi Peer Counseling Studio, Northeastern University; supported 100+ students and peers

Outstanding Ph.D. Science Counselor | 2024 National Youth Science Camp, Northeastern University branch

Volunteer Tutor | Harbin Engineering University “Huiliu · Banzhuyi” Program
